Principal's Message

This week our school-community focused on the character strength of Humility. Humility means you do not seek the spotlight. You let your actions speak for themselves.

Humble people have an accurate (not underestimated) sense of their abilities and achievements. They hold the capacity to acknowledge their mistakes and limitations, and are open to advice and new ideas. They do not show off their possessions or accomplishments.

Developing humility is associated with positive developmental outcomes in individuals. It allows a person to honestly reflect on their abilities and acknowledge how and where they can improve. Humility opens them up to new ideas, advice, and (consequently) abilities that pride, arrogance, or pretentiousness often block. Therefore, humility makes them desired members of a team.

To practice and encourage the character strength of humility with your child, please have conversations about examples of times when you notice your child being humble as well as other individuals in your life

Student Focus

The last day for the **After School Program** will be **Thursday, May 25th, 2023**. Beginning Tuesday, May 31st, students will be dismissed at 3:00pm according to what the school district has on file for a dismissal plan. A reminder that if you need to make a dismissal change, send a written note to the Main Office by 9:00am.

Attention: Friday, May 26, 2023 there will be **No School**. This is for the return of an unused snow day.

As we approach the end-of-the-school year, it is very important to stay focused on your start-of-the-year goals. With finals and Regents approaching, along with the natural fatigue of the end-of-the-year, it's important to remember short term sacrifices are necessary in order to accomplish goals. New York State regulations state that a child may enter Kindergarten if the child attains the age of five years on or before December 1st of that school year. An amendment to New York State Compulsory Education Law, signed by the commissioner in June, 1992, clarifies that children who turn six during the school year must attend school at the start of classes in September. Any child who has his/her 6th birthday on July 1st or after must be enrolled in school.

Even if you are undecided at this time about enrolling your child, if you have a child who will be 5 years old on or before December 1st, 2023, please contact:
