Step 1:
Set up Apple TV to Mirror Your iPad on Your Projector

1. Turn on your projector (press ⏻ on the "InFocus" remote)

2. Turn on your iPad

Step 2:
Set up Apple TV to Mirror Your iPad on Your Projector

On Your iPad
1. Select settings:
2. Select "Personal Hotspot" (on the left side of the screen)
3. Select "Wi-Fi Password" and type in a password that makes sense to you.
4. Select "Done"
5. Slide "Personal Hotspot" to the "on" position

Step 3:
Set up Apple TV to Mirror Your iPad on Your Projector

Setting your Apple TV up on the same network as your iPad

1. Using the Silver Apple TV Remote, press the "menu" button.
2. Wait a moment and your Apple TV home screen will appear
3. Navigate to **Settings > General > Network** to join a Wi-Fi network.
4. A list of available wireless networks will appear. Using the up and down buttons on your remote, navigate to the network you wish to join (the name of your iPad's Wi-Fi network – probably your name) and select it.
   - Your network should require a password (the one you entered on your "personal hotspot"), a keyboard will appear allowing you to enter the password using your remote.
   - If the network you wish to join is hidden, click **Other** and enter the network name using the onscreen keyboard and the remote. Enter the password.
5. After Apple TV has joined the network, a Connection Succeeded screen should appear.
6. Click Done.
7. The screen now should display the wireless network information, including network name, IP address, Wi-Fi address, and signal strength.

Step 4:
Set up Apple TV to Mirror Your iPad on Your Projector

Mirroring Your iPad to Your Apple TV:

1. On your iPad, double-click the Home button to display your recently used apps.

2. Swipe the recently used apps twice from left to right until you see the AirPlay icon:

3. Tap the AirPlay icon to display a list of available AirPlay devices.

4. To use AirPlay Mirroring, select the name of your Apple TV, then toggle the ON/OFF slider to ON.

Your iPad should now be mirrored onto your Eno board
