

SCHEDULING AND ROUTING

In the interests of safety, economy, convenience, and efficiency, the following policies are to be in effect.

1. Bus routes shall be reviewed each summer in relation to routing, student load, and bus stops.
2. Buses shall pick up and discharge students on both sides of main roads whenever possible so that students will not have to cross the road.
3. Bus stops will be designated as needed in order to provide a safe waiting area and one which is back from the shoulder of the road.
4. Both students and drivers must observe the adopted time schedule.
