## **Air Printing**

- 1. Click on your settings button on your home Screen.
- 2. Click on your wifi on the left

3. Connect to the printer that you would like to print to – in this example I have used the one in the IT Office. Wait until you see the check box – if you see the no internet message that is fine.

	Wi-Fi	
~	HP-Print-b0-IT Office No.Internet Connection	* (j)
сн	OOSE A NETWORK	
	SSCSD_Guest	<b>≈</b> (i)
	SSCSD_Wifi	<b>≜</b>

- 4. You may now print if for some reason your document does not print please restart your ipad and run through the above steps again.
- 5. Any additional printing issues please go to the IT office.
