

FUNDING PROPOSALS

The Board of Education recognizes the value of pursuing federal, state, and private funding to improve the instructional program or the operation of the district. The Superintendent is authorized and encouraged to apply for outside funding. Final acceptance of any outside funding proposal rests with the Board of Education. When a grant has been awarded, every effort should be made on the part of the administration to keep the administrative costs of the grant within the percentage allotted by the grant.

The District will follow all applicable requirements in the Uniform Grant Guidance (2 CFR Part 200) whenever it procures goods or services using federal grant funds awarded through formula and/or discretionary grants, including funds awarded by the United States Department of Education as grants or funds awarded to a pass through entity, such as the New York State Education Department, for sub grants.
