Any student possessing a firearm on school premises will be subject to a penalty of at least one year=s suspension from school. This penalty may be modified by the superintendent based on the circumstances and the student=s previous record. Non-student violators will be punished to the fullest extent of the law.

Suspended students within the compulsory attendance age will be provided with alternative instruction during the suspension period.

Students having been classified as disabled may be suspended in excess of ten (10) school days when they are extended procedural protection required by the Individuals with Disabilities Education Act.

Procedure for Implementation

An incident involving a student being in possession of a firearm on school premises is to be immediately reported to the Principal and Superintendent and followed up with a written memorandum describing the incident in detail. Parents/Guardians will be notified as soon as possible.

The Schoharie County Sheriff=s Department or the New York State Police will be requested to pick up and hold the firearm.

The Superintendent will arrange for a hearing to be held pursuant to Education Law 3214.

Any modification of the minimum penalty is to be determined on a case-by-case basis and is to consider the circumstances surrounding the offense and the student=s prior record.
