

REVIEW, ADOPTION, AND AMENDMENT OF POLICIES

The Superintendent shall on an annual basis at the August regular meeting of the Board review the policies and make recommendations where necessary for the modification, deletion, or addition of policies. This annual process shall not inhibit the Superintendent or any member of the Board from making recommendations for modification, deletion or addition of policies at anytime.

Adoption, amendment, or deletion of policies will only be enacted after a majority vote of the total Board at three (3) consecutive regular meetings of the Board. In cases of emergency, suspension of the vote at three (3) consecutive meetings may be approved by a majority vote of the board.
