### **Principal's Message**

As the weather turns warmer and spring is in full swing, I'd like to take a moment to remind everyone of a few important seasonal updates.

In accordance with New York State regulations and our district's safety plan, we will be conducting fire drills in the coming weeks. These drills are a key part of our emergency preparedness efforts, and we appreciate everyone's cooperation in taking them seriously and responding quickly and safely.

With the increase in temperature, students are also reminded to dress appropriately for school. While lighter clothing is expected, we ask that all attire continues to reflect the respectful, focused learning environment we strive to maintain at SSCS.

As we move into the final stretch of the school year, I encourage every student to stay on top of their assignments, seek support when needed, maintain a positive attitude, and continue putting forth their best effort each day. Let's finish the year strong—together!

New York State regulations state that a child may enter Kindergarten if the child attains the age of five years on or before December 1st of that school year. An amendment to New York State Compulsory Education Law, signed by the commissioner in June, 1992, clarifies that children who turn six during the school year must attend school at the start of classes in September. Any child who has his/her 6th birthday on July 1st or after must be enrolled in school.

Even if you are undecided at this time about enrolling your child, if you have a child who will be 5 years old on or before December 1st, 2025, please contact:
